## Chairman's Message

After some nervous pre-show reports about lower entry numbers, we were encouraged on Friday evening. After setting up the show on Friday, a good many of prepared our entries and by the time we closed up for the night, the tables were already looking very colourful. On Saturday, Pauline and I had agreed to set up and manage the RNRS stand at the Royal Windsor Rose Show which meant we missed the judging and first day of the show. It was apparently a fantastic afternoon with a great many visitors enjoying the show, the entertainment provided by Don Wallace and his brass band Something Different, as well as buying some of the fine plants supplied by Katie's Nursery. When we arrived at the show on Sunday morning we were really impressed by the excellent display. Well done everyone. The full list of winners is on the back of the newsletter. Jeremy and Angela even managed to tempt Mayor Doreen Savage to become a judge with her selecting Enid Castle's lovely pot of white begonia 'Lancelot' as "Mayor's Choice". A massive Thank You to Jeremy and Angela who have worked hard throughout the year, setting up new storage for all our show equipment and organising the event, as well as submitting a formidable volume of successful entries! Well done to Jeremy and Angela for leading their team of willing volunteers through such a busy weekend. Thank you to all who entered and volunteered.

We had eleven new members join our ranks over the show weekend and many of them seemed very keen to get into the spirit of exhibiting. If, like them, you cannot wait to do it all again, it's not long until our Autumn mini-show in October – so check out the schedule that was published in last month's newsletter and have a go.

Our July Social evening and Quiz went very well; and I hope that my demonstrations of displaying your blooms for entry into the show encouraged a few more entrants. Again, many thanks to Angela and Jeremy for preparing and running the table and wall quizzes, both of which taxed our brains and prompted much conversation.

I look forward to seeing you, and the new members who joined at the Show, at our August meeting to hear more about the fauna and flora of our Landguard reserve. In the meantime, enjoy the wonderful summer that we are having.

*Ray Martin*

## Annual Flower & Produce Show

The 44th show of FDHS was a great success due mainly to a lot of effort from a lot of people, so thanks to all of you who were involved or who supported the show in any way. Although the total number of entries were down this year, the hall looked very impressive with nearly 300 entries and the judges even said that our show looked better than the Woodbridge show! 32 of our members exhibited and most won something.

The first Great Felixstowe Bake-off attracted 5 entries, every one of which was a true SHOWSTOPPER, making it difficult for the judge. We were a little disappointed that the judge did not take a slice from the cakes to reveal the insides which may have made a difference to her choice, or maybe not! Lavinia Heroma was a worthy winner of this open class with a beautiful looking cake.

As usual our chairman Ray excelled with his superb roses (some of us did not have a single rose flower in our gardens), but not only roses, he also won a first prize for his cheese straws and several seconds in the cookery classes, not least a second in the bake-off – previously HIDDEN TALENTS!

A huge THANK YOU to all the exhibitors and helpers, you did Felixstowe proud and provided a lot of pleasure to a lot of people. Also a big thank you for all the generous donations for the cake and produce stall, the prize draw and the tombola, they all looked very inviting and we are sure that they were a success. WELL DONE all.

*Jeremy and Angela*
